A History Of East Asia

The History of East Asia generally encompasses the histories of China, Japan and Korea from prehistoric times to the present. East Asia is not a uniform term and each of its countries has a different national history, but scholars maintain that the region is also characterized by a distinct pattern of historical development.

History of East Asia - Wikipedia

East Asia consists of China, Mongolia, Japan, and Korea. In historical discussion, "China" refers mainly to the eastern half of modern China. This region, pierced by the great Yangtze and Yellow Rivers, is the heartland of Chinese civilization.

History of East Asia | Essential Humanities

Before 8000 BCE, East Asia, like most of the rest of the world, was home to hunter-gatherer peoples. Throughout most of this vast region, small, mobile bands of hunter-gatherers roamed the land. On the coast, however, comparatively large and stable communities had grown up, nourished by the rich and self-replenishing supplies of sea food available to them.
