Commercial Trial Practice Difficult Precision ...

Patrick Ott: I completely agree. Particularly in the field of immuno-oncology, I think that we have made leaps forward, which couldn't have happened without effective drugs. PD-1 inhibitors are such a leap, and the trials have been done in unorthodox ways, even in terms of the trial design; like KEYNOTE-001, for example, was a study that mushroomed from a phase 1 study into a several-hundred ...
