While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer

VÍVOACTIVE Owner's Manual 3 - Garmin

The Garmin Foretrex 401 is OK, the manual is terrible! This my third Garmin product. Two for my car, the 401 is my first for hiking. The instructions do not explain how to enter a destination when hiking. There is a place with blank areas to enter something, but as much as I keep looking there is nothing
