movies, and TV. Will they be as popular for e-books as well?

Sea Change A Message Of

Sea Change is an enthusiastic celebration of that diversity and abundance. It's also a profoundly sobering account of the shortsighted human assault on ocean life. The "silent tide," as one reviewer wrote, may lie just offshore. Only a sea change in human habits and economies will save the oceans.

Sea Change: A Message of the Oceans: Earle, Sylvia A ...

Equal parts memoir, adventure tale, and call to action, Sea Change: A Message of the Oceans has become a classic of environmental literature, at once the gripping adventure story of Earle's three decades of undersea exploration, an insider's introduction to the dynamic field of marine biology, and an urgent plea for the preservation of the world's fragile and rapidly deteriorating ocean

Sea Change: A Message of the Oceans by Sylvia Earle ...

Quotes from Sea Change: A Mes... "I can still feel that leap of enthusiasm, and real joy, at the prospect of finally getting out to the beach, and running around. But probably the most important thing, to me, aside from just the freedom of it and the power of it, was the kind of creatures that you could see along the beach, that you can't find anywhere else."

Sea Change: A Message of the Oceans by Sylvia A. Earle

Sylvia Earle's Sea Change: A Message of the Oceans serves as a clarion call to humans to take a closer look at the life blood of planet earth, the oceans. The thoughtful mixture of wonder and concern outlines Earle's years of study and thousands of hours working, playing and living beneath the ocean's surface.
