HMS Bellona was a 74-gun Bellona-class third-rate ship of the line of the Royal Navy. Designed by Sir Thomas Slade, she was a prototype for the iconic 74-gun ships of the latter part of the 18th century. "The design of the Bellona class was never repeated precisely, but Slade experimented slightly with the lines, and the Arrogant, Ramillies, Egmont, and Elizabeth classes were almost identical in size, layout, and structure, and had only slight variations in the shape of the underwater hull. The

The Bellona-class ships of the line were a class of five 74-gun third rates, whose design for the Royal Navy by Sir Thomas Slade was approved on 31 January 1758. Three ships were ordered on 28 December 1757, with names being assigned on 1 February 1758. Two further ships to this design were ordered on 13 December 1758, at the same time as two ships of a revised design - the Arrogant class.

Bellona-class ship of the line - Wikipedia

HMS BELLONA - 74 Gun Ship. The HMS Bellona was one of the most famous 74-gun ships of the British navy. The 74-gun ship formed the backbone of the principal naval powers of Europe from the Seven Years War (1756-1763) until the end of the Napoleonic Wars (1815). In fact, compared with the less-armed lower classes, and the 80-gun ships, structurally unstable, the 74s were considered the ideal compromise between gun power and maneuverability.

HMS Bellona 74 Gun Ship - Corel Model Ships - Modelers Central

Description. Scale: 1:38.4 (5/16 inch to the foot). A model of the 74-gun ship Bellona (1760), made entirely in wood with wood, metal, and organic and inorganic material fittings and painted and varnished. The vessel is depicted on a slipway with a drawer at the stern end of its scenic carrying case, which opens to extend the slipway to twice its length so that the model can be launched.
